#### Report of Independent Registered Public Accounting Firm

To the Members of BCP Securities, LLC

Opinion on the Financial Statements

We have audited the accompanying consolidated statement of financial condition of BCP Securities, LLC & Subsidiaries (the "Company") as of December 31, 2018, the related consolidated statements of operations, changes in members' capital and cash flows for the year then ended, and the related notes and schedules (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's consolidated financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audit provides a reasonable basis for our opinion.

Auditor's Report on Supplemental Information

The supplemental information contained in the supplementary schedules 1, 2 and 3 has been subjected to audit procedures performed in conjunction with the audit of the Company's consolidated financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the consolidated financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

We have served as the company's auditor since 2016.

#### NOTE 1. SIGNIFICANT BUSINESS ACTIVITIES

BCP Securities, LLC & Subsidiaries (the "Company"), a Connecticut limited liability company formed on December 1, 1999, is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Company acts as a broker executing customer orders for the purchase and sale of marketable securities on their behalf on a fully disclosed basis with a clearing broker-dealer. In addition, the Company is involved in proprietary trading, buying and selling securities for its own account. The Company also acts as an underwriter of securities offerings. The Company operates under the exemptive provisions of SEC Rule 15c3-3-(k)(2)(ii).

In the normal course of its business, the Company enters into financial transactions where the risk of potential loss due to changes in market (market risk) or failure of the other party to the transaction to perform (counterparty risk) exceeds the amounts recorded for the transaction.

The Company's policy is to continuously monitor its exposure to market and counterparty risk through the use of a variety of financial position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the credit standing of each broker-dealer, clearing organization, customer and/or other counterparty with which it conducts business.

The clearing and depository operations for the Company's proprietary transactions are performed by its clearing broker pursuant to the clearance agreement. At December 31, 2018, the due from brokers, as reflected on the consolidated statement of financial condition, consisted substantially of cash due from this broker.

The Company has four wholly-owned subsidiaries: Baer, Crosby and Pike, Agencia De Valores, S.A. ("Spain"), BCP Securities Asia Pte Ltd. ("Singapore"), BCP Securities Do Brasil Representacoes Ltda. ("Brasil"), and Bear Crosby Pike de Mexico, S. De R.L. De C.V. ("Mexico"), (the "Subsidiaries"). Spain and Singapore operate as separate companies in those regions with Spain subject to regulatory oversight by *Comisión Nacional del Mercado de Valores* ("CNMV") and Singapore is registered with the *Accounting and Corporate Regulatory Authority* ("ACRA"). Brasil is a representation office registered with the Central Bank of Brasil. Mexico is a corporate venture focused on building client relationships and working with them to provide innovative financial solutions. The consolidated financial statements include the accounts of both the Company and its whollyowned Subsidiaries. All inter-company balances and transactions are eliminated on consolidation.

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in conformity with United States Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Effective January 1, 2018, the Company adopted ASC Topic 606, Revenue from Contracts with Customers ("ASC Topic 606"). The new revenue recognition guidance requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. The adoption of this guidance did not have a material impact on the manner in which the Company recorded its revenue.

Transactions in securities and related trading revenue and expense are recorded on the trade date basis. Securities owned or sold, not yet purchased are valued at fair value, and the resulting unrealized gains and losses are included in trading profits. The recognition of realized and unrealized gains and losses on proprietary trading transactions of financial instruments is within the scope of FASB ASC 860, *Transfers and Servicing*, and FASB ASC 940, *Financial Services - Brokers and Dealers*.

Underwriting fees. The Company underwrites securities for business entities that want to raise funds through a sale of securities. Revenues are earned from fees arising from securities offerings in which the Company acts as an underwriter. Revenue is recognized on the trade date (the date on which the Company purchases the securities from the issuer). The Company believes that the trade date is the appropriate point in time to recognize revenue for securities underwriting transactions as there are no significant actions which the Company needs to take subsequent to this date and the issuer obtains the control and benefit of the capital markets offering at that point.

In February 2016, the FASB issued comprehensive guidance that requires lessees to recognize, on the balance sheet, a right of use asset and a lease liability for the rights and obligations created by operating leases of greater than twelve months.

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

This amendment is effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019, however earlier application is permitted. The Company is still assessing the potential impact of this guidance on its financial statement.

Furniture, equipment and leasehold improvements are reported at historical cost, net of accumulated depreciation and amortization. They are depreciated and amortized using the straight-line method over their estimated useful lives.

For purposes of the consolidated statement of cash flows, the Company considers all highly liquid investments with a maturity of three months or less when purchased, to be cash equivalents.

The Company maintains cash and cash equivalents with financial institutions. Funds deposited with a single domestic bank are insured up to \$250,000 in the aggregate by the Federal Deposit Insurance Corporation ("FDIC"). Cash and securities deposited with a single domestic brokerage institution are insured up to \$500,000 per account type of which a maximum of \$250,000 in cash is insured by the Securities Investor Protection Corporation ("SIPC"). At times, cash balances may exceed the insured limits. The Company has not experienced any losses in such accounts.

The Company considers its investments to be trading securities and records them at fair value. Fair value is the price that would be received by selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company utilizes valuation techniques to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets and liabilities recorded at fair value are categorized within the fair value hierarchy based upon the level of judgment associated with the inputs used to measure their value.

The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy are described below:

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (continued)

#### Fair Value Measurement – Definition and Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the expectation that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

#### **Equity Investment**

The Company has a 10% investment in an entity. The Company's investment balance is zero due to the fact that the Company's proportionate share of losses exceeds the capital investment.

#### NOTE 3. FAIR VALUE MEASUREMENTS

The Company's assets and liabilities recorded at fair value are categorized below based upon a fair value hierarchy in accordance with ASC 820 at December 31, 2018. See Note 2 for a definition and discussion of the Company's policies regarding this hierarchy. The Company's US Treasury bills owned are treated as cash and cash equivalents on the consolidated statement of financial condition and the consolidated statement of cash flows.

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Corporate bonds, Foreign municipality bonds, Sovereign government bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

| Accumulated Depreciation and Amortization  | (1,226,698)  |
| Total Fixed Assets   | \$ 2,248,042   |

#### NOTE 5. INCOME TAXES

The Company is recognized as a Limited Liability Company (an "LLC") by the Internal Revenue Service. With the exception of the Pass-Through Entity Tax ("PTE") imposed by Connecticut, as an LLC, the Company is not subject to federal or state income taxes. The members report their distributive share of realized income or loss on their own tax returns. There was no PTE expense for the year ended December 31, 2018. FASB ASC 740, Income Taxes, provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Partnership's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. For the year ended December 31, 2018, management has determined that there are no material uncertain income tax positions. The years that remain subject to examination by taxing authorities are 2015 through 2017.

#### NOTE 6. PROFIT SHARING PLAN

The Company sponsors a defined contribution profit-sharing plan pursuant to Internal Revenue Code Section 401(a), which covers substantially all Company employees. Contributions are solely at the discretion of the Company. The Company made a contribution to the plan during the year ended December 31, 2018 in the amount of \$407,939.

#### NOTE 7. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the 'applicable' exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2018, the Company had net capital of \$6,647,503 which was \$6,415,165 in excess of its required net capital of \$232,338. The Company's net capital ratio was 0.52 to 1.

#### NOTE 8. TRANSLATION OF FOREIGN CURRENCIES

Assets and liabilities denominated in foreign currencies are translated at yearend rates of exchange, while consolidated statement of operations accounts are translated at exchange rates prevailing throughout the year. The impact of the translations is not material. Gains or losses resulting from foreign currency transactions are included in other expenses.

#### NOTE 9. COMMITMENTS AND CONTINGENT LIABILITIES

The Company has various offices in different locations. Future minimum lease payments are as follows:

<sup>(\*)</sup> Note: The Company's US Treasury bills (fair value of \$249,057) were not reported as cash and cash equivalents on the unaudited Form X-17A-5 Part IIA filing, but were reported as "exempted securities." For purposes of the consolidated statements of financial condition and cash flows, the US Treasury bills were considered cash and cash equivalents.

### SECTION II SUPPLEMENTARY REPORTS

#### Report of Independent Registered Public Accounting Firm

To the Members of BCP Securities, LLC

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) BCP Securities, LLC (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3: (2)(ii) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
